Interiorplan AS

Oslo – Norway

ABOUT US

INTERIORPLAN AS was established in Bergen in 1980. In 1999 the office moved to Oslo. Einar Salomonsen is the founder and Managing Director of the company. Today we count six employees working out of our office in Oslo and one computer designer in Bergen. We are also connected to a group of experts that work with 3D productions and virtual reality videos.

The practice has specialized in designing hotels, spas, restaurants, bars and nightclubs as well as food courts in airports and shopping malls.

Our work consist from small cafes to large hotels with 900 rooms. We have been working in several countries abroad e.g. Warsaw, Gdansk, Las Palmas, Lanzarote, Tenerife, Granada, Riga, Tallinn, Vilnius and Kaunas.

Since we started we have made close to 500 restaurants and bars.

We listen to our customer, we make sketches and we discuss concepts. When the decision is made, our job is to make sure that it is carried out to every detail and that we are loyal to the concept.
